DEATH SAVES

I place no stock in wealthy or well-mannered folk. Money and manners won't save you from a hungry owlbear.

PERSONALITY TRAITS

Nature. The natural world is more important than all the constructs of civilization. (Neutral)

IDEALS

I am the last of my tribe, and it is up to me to ensure their names enter legend.

BONDS

I am too enamored of ale, wine, and other intoxicants. There's no room for caution in a life lived to the fullest.

ALLIES & ORGANIZATIONS

Outlander (Bounty Hunter)

Wanderer: You have an excellent memory for maps and geography, and you can always recall the general layout of terrain, settlements, and other features around you. In addition, you can find food and fresh water for yourself and up to five other people each day, provided that the land offers berries, small game, water, and so forth.

CHARACTER BACKSTORY

Natural Explorer (Forest, Underdark)
Proficiency bonus doubled for Int/Wis checks in favored terrain. While traveling in favored terrain for 1+ hour: difficult terrain does not slow the group, cannot get lost except by magic, remain alert while doing other activities, can move stealthily at normal pace (alone), find twice as much food foraging, learn exact number/size/time of tracked creatures.

Sharpshooter
Attacking at long range does not impose disadvantage. Ranged attacks ignore half and three-quarters cover. Before a ranged attack you may take -5 to the attack roll to add +10 to damage.
